**MSU BOARD OF TRUSTEES ROUNoup**

Contact(s): [Tom Oswald](#)

The Michigan State University Board of Trustees voted Friday to authorize the university to proceed with the construction of a new facility in Grand Rapids.

The 160,000-square-foot facility will be located at the site of the former Grand Rapids Press building in downtown Grand Rapids.

See the story [here](#).

Following are other actions taken by the board at its February meeting.

The board authorized the university to proceed with the construction of a new facility to house the men's and women's basketball teams. The facility will include coaches' offices, locker rooms, an indoor practice gym, and additional facilities.

A resolution allowing the university to proceed with construction of the third and fourth floors of the under-construction facility was approved. The project will include research laboratories, offices, and collaborative workspaces.

The board authorized the university to proceed with the construction of a building that will house staff affiliated with the MSU Beams. The 74,250-square-foot facility will include offices, conference rooms, and a 265-seat lecture hall.
